

Presentation to Associate Members:

- As most of you are aware, this club would not exist without the dedication of all its members.
- Today I'd like to recognize some of those members who might not be 100% active currently but in the past they dedicated many hours to making this organization what it is today.
- In the past, those members who no longer sailed have always been called Associate Members.
- Going forward, I am proposing that they be 'rechristened' as ANCHOR Members to help recognize all they have contributed.
- To celebrate this name change and to help symbolize how special each and every one of these ladies is to our club, Judy Collins has Anchor Bags she would like to present to the Anchors that are present today.
- Before presenting the bags, I'd like to read a little ditty about anchors:

anchors

They remind us that ≈
when life's winds blow
and seas get stormy ≈
we all do best when tied to
something solid and true.

- **Thank you all for being a Bitter Ends Anchor!**
