

SAILOR GIRL BRENDA BELL

***To maneuver the winds
You gently coaxed away my self-doubt
With smiles and laughter
Circling about***

***I wasn't sure what I was doing
But it was wet and fun
To sail on ocean
To play in the sun***

***I needed your push
Your enthusiasm was there
To join & race with the ladies
Tilt Tippy with care***

***Your love of the sport
Your leadership, so giving
You never held back
You just loved living***

***Wide smile, soft voice, eyes so kind
Sail on forever our gracious friend,
You will always be remembered
To the Bitter End.***
